## Cheerleader sketch

Hello time for another Cheerleader Interview. The one to be interviewed this time is Rose Durbin. She's five feet, four inches tall, has black hair, brown eyes, and is in her first year as a cheerleader.

ROSE DURBIN

Q: How do you like being a cheerleader?

A: I like it. A lot of people didn't think I'd like it though. We've had a few rough spots, but it's worked out well. It requires a lot of work and responsibility that most people don't realize.

Q: What do you think of our school spirit?

A: It leaves much to be desired. I think if we worked harder it could be a lot better. In the assemblies, it really gets us down when all the people come but they don't, or won't yell. But when they do, it really makes us feel proud.

Q: Do you feel that you have to live up to a roll of being a cheerleader?

A: No. People thought I'd really change in a lot of ways, but I haven't, I'm still me.

Q: How did you like cheerleading clinic?

A: It was a bummer. It didn't teach us that much. I guess you can't expect too much for just ten hours of work.

## AFS candidates selected at SHSHS

Jeanne Warren and Kevin Lambert were selected candidates for the American Field Service program, through which interested students from each school all over the county applied for the program. The applications were studied and the best qualified were picked.

Jeanne and Kevin may both be exchange students this coming

year, one of them may be chosen, or neither. This decision is made by the central AFS New York office.

In the past 2 years we have been lucky to send exchange students abroad. Trudy Glascoe went to South America last year, Martha Snyder went to Germany, and Chris Kohlstrand went to Greece.

Have a happy

THANKSGIVING !

# BACKTALK

## Mahavishny Opinion's expressed

Dear Editor,

As I watched the forerunning of the elections and heard the delegates running for office, I wondered just what our government was coming to.

It seems that both Nixon and McGovern couldn't possibly fulfill all their promises without stepping on one another promise that they stated.

Just where is our government going to when those running for PRESIDENT of the UNITED STATES are even really telling deceitful lies to the people of this country which they wish to lead.

If that's what it takes to become an official of this country I believe that we're in big trouble. I would like some opinions of others on this subject if anyone cares.

Rick Burgoyne  
Editors Note,

This letter seems to concern many people here at SHSHS who share the same views as you.

I wish not to express any views on the subject but leave it to members of the Student Body to express their feelings on the subject.

Anyone wishing to write in response to this letter may deposit their reply in the Letter To The Editor Box in Room 5.

He flies. John McLaughlin is said by many to presently be the worlds greatest electric guitarist. I for one tend to agree with this, since listening to his album, "The Inner Mounting Flame" many times. This album, if it is not the greatest, is one of the greatest I have ever heard. It seems that every time I listen to it, I like it a little better each time. While having one of the tightest groups around, he also has musicians of the finest caliber. Backing him on this true magical mystery tour are:

Billy Cobham — Drums  
Jerry Goodman — Violin  
Jan Hammer — Piano & Organ  
Rick Laird — Bass

The concept of the album is like a gradual procession made obvious by both the music and the song titles. Note:

Side One: Meeting of the Spirits  
Dawn  
The Noonward Race  
A Lotus on Irish Springs  
Side two: Vital Transformation  
The Dance of Maya  
You Know You Know  
Awakening

Alright, now if that doesn't tell you something then the music will. Buy this album and you will be treated to an adventure of discovery.

## 'Have you heard?'

"Have you heard?"

While roaming about the halls for the past few days I encountered a strange happening. So, to see if anyone else had witnessed this ordeal I decided to ask those people I saw... "Have you heard?" Herewith are some of the answers and comments I received from the simple question.

Karen Morris: "Heard what? What am I supposed to have heard? Nothing! About what? Oh yeah! Miss Port would be willing to paint room 12 if the school furishes the paint."

Rich Russell: "Yeah, Fred Foshaug won."

Trudy Glasscoe: "Heard what? Oh, I know, Mr. West planted his squash too close to his pumpkins and got funny looking yellow pumpkins."

Larry Howell: "Have I heard what?" "Yeah, I heard your writing a stupid story for the paper."

Clarinda Hammond: "Heard about what?"

Mr. Amos says "No" while he scratches his head and thinks about it for five minutes.

Mr. Acorda: "Nope."

Glenda Johnson: "I've heard about a lot of things but what specifically?"

Debi Manges: "Heard what? I might hear."

Dave DePriest: "Yes... everything."

Mike Bair: "Which one?"

Mark Warner: "Un huh! Have I heard what?"

Ron Hamilton: "I'm sorry, I haven't heard."

Wendy Clawson: smiles gently then says "No" then laughs.

Patty Runyan: "Heard what?"

Laura Pihlaja: "Yeah, but I'm not tellin' nobody."

Senior Class: "It's only 25 more weeks until graduation! Which means only 197 more days or, 4728 hours, or 283,680 minutes, or only 17,020,800 seconds."

## Activities planned

The money raised by the class of '73 will be going for graduation in general. The treasury must pay for the Senior banquet along with a number of other things. It is a tradition for the Senior class to donate something to the school in memory of that class, ie, the class of '71 put the "Home of the Lions" on the floor in front of the gym. Suggestions and ideas for this project by any Senior would be appreciated for at this time there has not yet been anything definite planned. Special emphasis on making this a better school year for everyone and for more spirit are two of the major goals of this years senior class.

The officers for the senior class are Rich Russell, president; Len Mason, vice president; Kris Humphreys, secretary; and Rose Grabowski, treasurer. The Senior class advisors include Miss Larson, Mr. Whittick, Mr. Wallace, and Mrs. Paulson.

Two bake sales and a car wash have been the money making projects thus far this year for the sophomore class. Later in the year, the officers hope to be able to sponsor a dance.

The sophomore class project is the Gary Nicklous memorial fund. They plan to buy a plaque with the money but are not sure at this time if this plaque will be presented to anyone for any special circumstance.

This year sophomore class officers include Rick Luttrell, president; Scott Manges, vice president; Sheila Stratton, secretary; and Cally Lane, treasurer. Sophomore class advisors include Mr. Hagen, Mrs. Dennison, Miss Harrison, Mr. Strehlou, and Mr. Green.

## THANKSGIVING!

Go gather your shields and daggers for the hunt of the Feast. Many a fat bird is needed for the multitudes of people that will come.

Rejoice O villagers, for this will be the day that marks your seperation from the land of emptiness.

Many months ago, remember of the the wooden ships upon which you took flight across the waters. Oh, what suffering you went through to get here, but be thankful, now that you're here. To be apart from the life you were leading before you came is a blessing of the first degree.

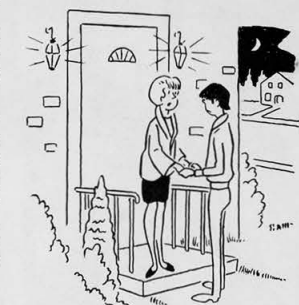

Extend your nature and good cheer to the brothers of the forest, for they were truly the first to arrive. Give them your food, your heart, your soul, and you will receive infinite gratitude and respect in return. Be good to the sky, the sea, and the animals, as they have done, and long will be your life in this land.

Be thankful for what good fortune has come to you in a time when only a chosen few seem to be blessed.

Be thankful for the right to live your own life, worship as you wish, and to be your own person. Honor these rights of others.

"Though my eyes were open they might just as well been closed."

# Environmental symposium planned by Outdoor Life

There are many clubs in the school but not much is known about why a club is organized or what its purpose is. This article will attempt to show what some of these purposes are and future plans of the club.

The purpose of Outdoor Life is to have a better understanding and appreciation of the outdoors. So far this year the club has organized two hiking trips and a trip to the beach. The club plans to have ski lessons again this year and then a trip to the mountains. Other activities include hiking trips, Earth Day activities, sponsoring a dance, and an environmental symposium. Some of the projects are for the club alone but such things as the ski lessons are for the benefit of anyone who would like to participate. The president of Outdoor Life is Dale Ogan.

Delacroix tries to spread the interest of art throughout the school. They have organized a plan to do window painting for Christmas and to make Christmas cards. They would like to have an art show and make other occasion cards. These projects are not only for the benefit of the club but for the community as a whole. Mike Gilbert is president of the club.

Dave Nelson, president of German Club, says that the club's purpose is to better acquaint the students of the school with the customs of Germany, help finance a foreign exchange student, learn to work in harmony with other students, and to benefit the community through activities befitting the students of SHSHS. Members have planned to go to a German restaurant called Rheinlanders, have a St. Nicholas party, finance a foreign exchange student, and they will participate in the Thanksgiving and Christmas assemblies.

Other clubs will be presented in the next issue.

## Lions finish 1972 season with 6-3 record

The St. Helens Lions finished their 1972 football season with a 6 win and 3 loss record. If not for some bad breaks at the first of the season the Lions just might be battling for the state championship.

The first game of the year the Lions got off to a bad start as they lost to the Foxes of Silverton by a score of 34-7. The score at half time was 14-7 but the Foxes proved to be the stronger of the two teams in the second half.

In their second game of the season the Lions fought a tough battle against the Dallas Dragons only to be beaten by the score of 12-8 in the last 34 seconds of the game, when Dallas scored their go-ahead goal.

The first win of the season for the Lions came as they rolled over the Sweet Home Huskies by score of 25-20, on a very rainy night.

St. Helens' next foe was the league-leading Astoria Fishermen. The score up to the third period was 15-7 Astoria, but the Fishermen proved to be the better as they went on to win by a St. Helens became the first team to score against the Fishermen, and as usual the Lions were the first team to get on the board.

The Lions' record was up to this

point 1 win and 3 losses. But the team was not to be put down, they started a winning streak that didn't quit, and they got rid of their "fourth quarter blues."

Looking for their second win the Lions went after the Vikings of Forest Grove and St. Helens proved to be better as they posted a 33-21 victory.

St. Helens' next opponent was the Franklin Quakers from the PIL League in Portland. Though the Lions were outnumbered and outsized they came through and ran over Franklin by a score of 33-7.

The Lions pulled one of the best upsets of their season as they faced one of the toughest teams in the league, the McMinnville Grizzlies. The Grizzlies rated 11th in the state at the time, were shown just how tough the Lion defense was. Randy VonAllmen was able to kick a 24 yard field goal for the lone score of the game.

After winning three in a row a fired up St. Helens team defeated the Newberg Tigers at Homecoming 21-6. The two teams were now tied for second place in the Coast Valley League.

Continuing their winning streak the Lions trounced the Estacada Rangers 21-6, which

ended their season with a 6-3 record.

The Lion defense proved to be tough this year led by linebackers Mike McCain and Mike Weber. McCain finished the season with the most tackles, 111, winning the most tackles award for the Dallas game (13); Sweet Home (16); Astoria (20); Franklin (12); McMinnville (15); and Estacada (8).

Weber won honors for the Forest Grove game with 12 tackles and the Newberg game with 13. Mike had a total of 92 tackles.

Mike Peterson won honors in the Silverton game with 19 tackles, and ended up with a total of 52 tackles in 5 games, an average of 10 a game. Others leading in the tackle department were Ken Doherty with 52; Dave DePriest and Larry Howell each with 49; and Rich Bailey and Len Mason both with 44.

As for their offense the Lions ended up quite well in the final league standings.

In individual rushing, two St. Helens players lead in the league standings. Gary Kling gained 863 yards with an average of 5.8 yards a carry. Another Lion Ken Doherty is in second with 760 yards with an average of 4.8

yards a carry. Mike Weber also finished in the top 25 with an average of 4.0 yards per carry with a total of 128 yards.

In the passing department Ron Barrick placed third in the League with 46 completions out of 87 attempts. He gained 530 yards for an average of .528.

In the punting division, Kling placed third with 31 punts for 1038 yards and an average of 33.5 yards a kick.

In scoring the Lions placed second and third, Kling and Doherty respectively. Kling scored 8 touchdowns, and two PAT's for a total of 50 points. Doherty was close behind with 8 touchdowns for a total of 48 points.

Pass receiving found three Lions in the top ten. Doherty with 14 receptions for 162 yards, Edwards with 3 receptions for 111 yards, and Kling, 8 receptions for 91 yards.

Kick-off returns were led by Doherty with 11 returns for 197 yards. Jeff Edwards also placed in the top ten with 6 returns for 62 yards.

In punt returns the Lions placed three men in the top eight. Doherty had 8 returns for 86 yards, and Edwards with 9 returns for 44 yards. Mike Weber

also placed with one return for 40 yards.

The final category, pass interceptions, had two Lions who placed high. Edwards had 6 interceptions and Doherty placed third with 4.

Four Lions were named to the First Team Offense in the Coast Division of the League. Len Mason — Tackle, Larry Howell — Guard, Gary Kling — Halfback, and Randy VonAllmen as Place-kicker.

Receiving Honorable Mention for Offense were Dave Stroud — End, Bob Davis — Tackle, Ron Barrick — Quarterback, Ken Doherty — Halfback, and Gary Kling — Punter.

Two Lions were named to the First Team Defense. Gary Kling — End, and Mike Peterson — Guard.

Second Team Defense members from St. Helens includes Len Mason — Tackle, Mike McCain — Linebacker, and Jeff Edwards — Halfback.

Honorable mention for Defense included Mark Warner — End, Larry Howell — Tackle, Dave DePriest — Guard, Mike Weber — Linebacker, Marc Knudsen — Halfback, and Ken Doherty — Safety.

## St. Helens wins fifth in a row

The St. Helens Senior High Varsity football team ended their 1972 football season by posting a 21-6 win over the visiting Estacada Rangers. For the Lions it was their fifth win-in-a-row and their sixth win out of seven outings.

Their final record was the same as last year's with six wins and three losses.

It was the running of Ken Doherty and Mike Weber, who was filling in for Gary Kling out for the rest of the season with a dislocated ankle that enabled the Lions to score.

The Lions got on the board first as Ken Doherty drove in from the three and Randy VonAllmen kicked the extra point with two minutes left in the first period. That was the way it remained for the second quarter with the Lions

going into the dressing room with a seven to nothing lead.

In the second half it was Doherty who set up the next touchdown as he received a punt on the 20 and ran it down to the Estacada 4. Then Doherty once again went over this time from the two and VonAllmen kicked the extra point making it 14-0.

A fumble recovery by Larry Howell in the third quarter enabled the Lions to score their third touchdown as Doherty once again went in from the one making it 21-0 with VonAllmen making the extra point.

It was the Rangers' turn to score in the final period as Bill Russell went in from the one but the point after attempt failed, and the gun sounded at 21-6 in favor of the Lions.
